# WIFI IN-WALL OR IN-CEILING SPEAKERS - SET OF 2

Enjoy wireless music playback controlled by your smartphone, tablet, or ITV4A box. Simple to install in ceiling, wall or eaves! Create & control multiple zones within your home or retail store - play the same or different music from each set of speakers. Use the SmartSonix app or an app of your choice. Compatible with Wifi, ethernet or RCA for multiple playback options. Includes 2 speakers - 1 x 60W amplified active speaker & 1 x passive speaker (24V low voltage speakers require no permits or special wire). Easy to replace existing speakers - use existing speaker wire as the power wire. Active speaker has L&R outputs to connect to the passive speaker with speaker wire. The speakers also function as access points once joined to your Wifi/ethernet network (extends your Wifi). Set to max or 50% reduced volume with a manual switch on the speaker face - ideal for retail spaces or restaurants where people are talking. The volume of each speaker can be controlled as well as creating a left, right, or stereo channel; aimable centre speaker. Removable magnetic white grill (paintable) to access controls/Wifi buttons. Use your existing Wifi signal (no internet required) - no extra routers required unless you want a separate music network

**ACCESS YOUR MUSIC FILES, YOUTUBE, INTERNET RADIO & HOME THEATRE SOUND:** Download the SmartSonix app from Google Play/ App Store (other apps will also work). Turn on the speakers, open SmartSonix & select "Add new device". Press the button on the speaker (blue light flashes). The speaker will appear in the app & ask for your Wifi password. You can name the speakers ("Kitchen", "Basement", etc.)

**TECH SPECS:** Includes 2 speakers, power supply (DC24V/2.5A), template sheet & user manual • 6.5" woofer (kevlar woven cone) • 1.2" tweeter (titanium dome), 2 x 30W inside amplifier • Wifi 802.11 b/g/n • Supported Audio Formats: MP3/WMA/AAC/ACC+/ALAC/FLAC/APE/WAV • RMS Power: 2 x 30W/8Ω • Frequency Response: 65Hz-20kHz • Sensitivity (1W/1M): 90dB • Treble Attenuation: +3dB/-3dB

## BONUS FEATURES - ALSO AVAILABLE:

These speakers work with the Tech Connect & Varo speakers! Make your existing stereo & WPS-6S speakers work together - the Tech Connect appears in the SmartSonix app & combines so you have full control. Add Varo speakers for portable, rechargeable, wireless sound within your Wifi network - all joined to the WSP-6S speakers & Tech Connect. With the Varo Vibe or Cube, you can use Bluetooth/SD card/USB stick as the source & it will play to all the other speakers you have connected. Ask us for details!

**TES TECH CONNECT  
WIFI MUSIC STREAMING  
RECEIVER - WSR-1  
\$59**

**CREATE A CUSTOM HOME AUDIO NETWORK CONTROLLED FROM A SMARTPHONE WITH MULTIPLE TECH CONNECT RECEIVERS!**

## **TES TECH CONNECT WIFI MUSIC STREAMING RECEIVER - WSR-1**

**\$59** | RETAIL: \$349 | LU WSR-1

- Turn your existing sound system into a wireless music streaming system over your WiFi!
- Also functions as a WiFi repeater - extend your WiFi signal coverage by up to 50' allowing you to daisy-chain multiple units
- Set it up for a multi-room system & stream the same or different music to separate rooms using the free SmartSonix app (compatible with iOS®, Android™, Windows®)
- Connect & control multiple units with the SmartSonix app, set an alarm to wake up to music or a sleep timer to turn off after an amount of time
- Compatible with Airplay® (iOS®), DLNA® (Android™), WiFi Direct® (Miracast™) to stream or use free paid apps like Spotify®, TunesIn, Tidal, etc.

**HOW TO USE:** You will need one Tech Connect per stereo device you wish to connect. Each unit requires USB power either from a USB port or USB wall adapter. It connects to any stereo device that has a 3.5mm AUX line-in input. If your device only has composite (RCA) inputs, you can use a 3.5mm to RCA adapter (sold separately). On your smartphone, tablet or even your ITV4A box, download the free SmartSonix app from the App Store®, Google Play™, or Microsoft® Store. Power on each unit & open SmartSonix. Press the seek button on the WiFi device (one at a time if you have more than one device) and the device will appear in the app through your WiFi network provided it is within WiFi range. You can now name any of your connected devices such as "Living Room", "Kitchen", etc. Once your devices are connected, you can now use SmartSonix to select one of the many music options including TunesIn to enjoy internet radio, other web-based streaming sources, or your music collection stored on your device. You can control also the volume of each device separately through the SmartSonix app. You can go to each device & set the maximum volume as desired & SmartSonix will not adjust louder than your setting. If you set SmartSonix to play a station & then close the app, the Tech Connect will stay connected to the last played station.

**SPECIFICATIONS:** WiFi: IEEE802.11b, IEEE802.11g, IEEE802.11n. Compatible Formats: AAC LC/LTP, HE-ACCv1, HE-ACCv2, AMR-NB, AMR-WB, FLAC, MP3, Vorbis, PCM/WAV, ALAC.
